

Create a **Shortcut icon** on your mobile device by selecting **'Add to home screen'** in the browser menu.

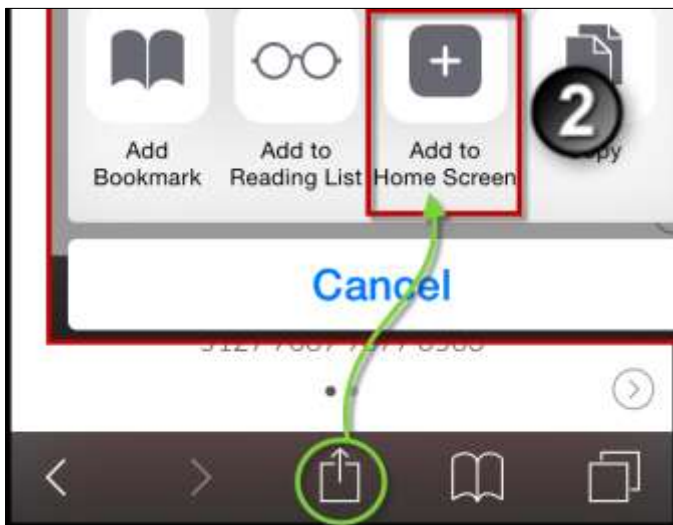

To get started, go to your *Supported Organizations* on vigeoXchange.com.

iOS based devices

1. Start by clicking the 'up arrow' in Safari.

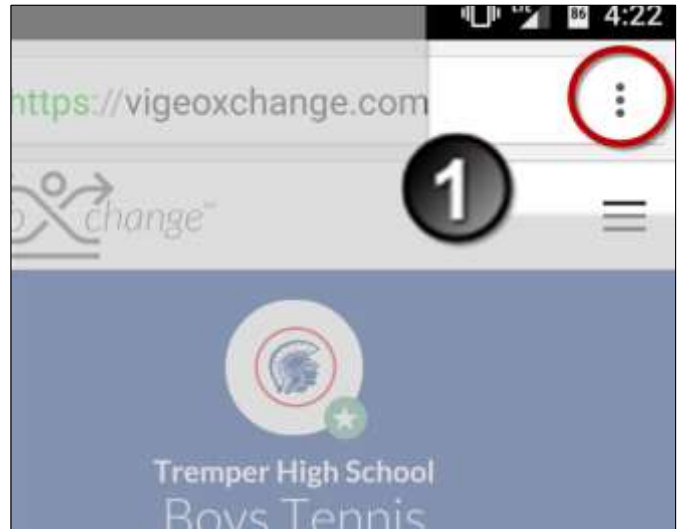

2. Select **'Add to Home Screen'** from the menu.

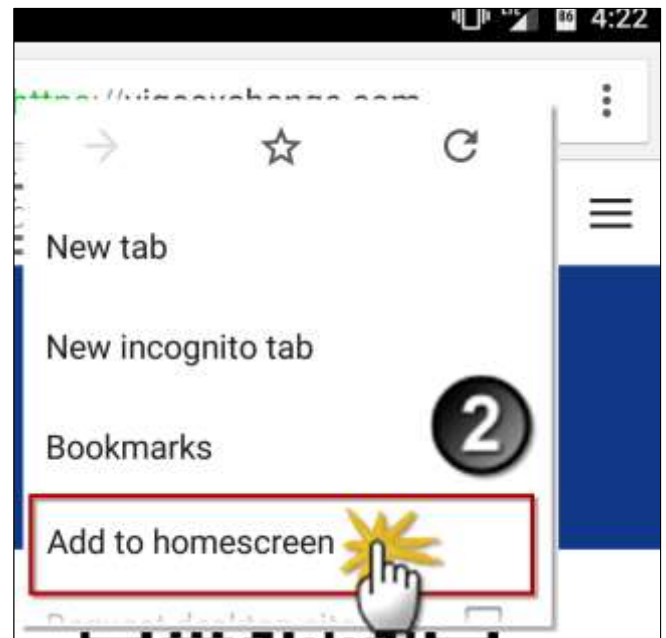

Android based devices

1. Toggle the browser menu. *Yours may be different.*

2. Select **'Add to homescreen'** from the menu.

3. Select **'Add'** in the popup window.
You can find the new icon on your homescreen.
